

**Do not contact an emergency child care program unless you require emergency, back-up, drop-in care. Parents and guardians working from home are not a priority for emergency child care. In light of Governor Baker's March 23 order designating certain "Essential Workforces," EEC is now modifying its guidance to explain that priority access to emergency child care shall be given to vulnerable children, and the children of families designated as "COVID-19 Essential Workforces," with emphasis on those in the health care, public health, and human services and law enforcement, public safety, and first responder fields. For a list of essential workforces, please visit <https://www.mass.gov/info-details/covid-19-essential-services>.**
