

Fostering Connections and Social-Emotional Development in the time of COVID-19.

PEER LEARNING COMMUNITY (PLC) FOR ADMINISTRATORS/LEADERS

Join us, the Pyramid Model Consortium and Massachusetts Pyramid Model Coaches, in a **new 4-part Peer Learning Community** as we examine how to turn current challenges into opportunities to support the social and emotional wellness of children, families and staff. These PLCs are sponsored by the MA Department of Early Education and Care.

Learning Objectives

Participants will:

- Identify types of trauma and chronic stress impacting children, families, staff and programs and learn ways of fostering healthy social emotional connections.
- Learn program-wide practices that will serve to intentionally foster relationships with children, families, and staff.
- Deepen their awareness of resources, materials, and practical strategies for the promotion of social emotional skills.
- Become familiar with the Plan Do Study Act (PDSA) cycle and utilize it for action planning. Participants will reflect on building healthy connections and creating safe environments to create an action plan using the PDSA action planning tool.
